

STC-Manual Wafer Transfer

© **Application:**
manual wafer transferring
for LED, wafer manufacture, bumping,
package, and testing/MEMS

© **Feature:**

1. stable configuration
(body material: P.O.M or PP)
2. Safe interlock to prevent improper usage
3. ESD protective device
4. Smooth slide motion with robust design
5. Compatible for SEMI standard cassettes
(PP, PFA, metal)
6. Fitted wafer size: 2"~8"
7. Fitted wafer thickness: 15mil~23mil
